

TICN Ltd are Proud to Present Another Advanced Options Strategies Seminar.

Guaranteed to explode your investment knowledge with speakers from around the globe mixing a cocktail of experience and success spanning decades.

Learn FIRST-HAND from Four of the Worlds Top Options Experts

Dr Jon Najarian: Top CBOE Options Trader 22 years market experience

and 3 years as Director of Chicago Board of Options Exchange

Dr. Jon has been a CBOE market maker since 1981 and Doctor Jon's success in the pit led him to found Mercury Trading in 1989 at the CBOE. The firm currently makes markets in more than 90 high-tech and biotech stocks at the CBOE, trading between 25,000 – 40,000 options and up to 3 million shares of stock per day. For more information on Dr Jon click on:

Carlo Castellano: Acknowledged Options Trader in the Australian Market.

Carlo is in big demand in Australia and has presented to and educated thousands of options traders in the Australian options market, which has been trading options since 1976.

Carlo will teach you how to trade options successfully and safely. He is a passionate speaker who will inspire you to take action and prosper trading options in all market conditions.

Lawrence Cavanagh: Editor in Chief of the Value Line Daily Options Survey.

Value Line Options offers daily online evaluations, ranking and volatility forecasts on over 80,000 options on more than 1,900 stocks. Lawrence will show you how to find trading opportunities in any kind of market and how best to use the tools provided by Value Line Options. Lawrence's experience includes 12 years with Value Line and 2 with the Chicago Board Options Exchange. He frequently gives seminars on options. He holds BS and MBA degrees, New York University's Stern School of Business. www.valueline.com

Freddie Rick: Experienced Educator of Advanced Option Strategies.

Freddie is a frequently requested speaker at investment conventions, seminars, clubs and trading groups throughout the United States. Freddie is known for explaining investment strategies and trading topics in a simple, energetic, and easy-to-follow manner. Freddie's wit and sense of humour has been known to catch audience members off guard as most participants expect a traditional and dry presentation of financial topics. Mr. Rick encourages audience participation at his speaking engagements and demonstrates investment scenarios and trading examples that build the confidence and knowledge of the attendees. Freddie's casual but direct personality combined with his energetic Louisiana accent turns each event into an enjoyable and educational experience.
